EASY TO INSTALL

Sax bathtub and Halo corner shower door

BUILDER-READY FREESTANDING BATHTUBS

Today's smaller bathrooms and construction budgets no longer mean sacrificing the quality of your work or the style of the finished product. Our sleek **MAAX freestanding bathtubs** have innovative features that make installation easy and affordable no matter how tight your deadline, budget or room is.

1 TUB: 2 PIECES

Turns large tub into two smaller, lighter pieces to make moving through doors and along stairs easier.

4 LEVELING LEGS

Each leg slides down to the floor and locks securely into place to keep your tub leveled.

FAUCET INSTALLATION

The design of MAAX's freestanding bathtubs allows you to install the faucet directly on the deck or fix it to the floor, according to your project requirements.

ABOVE-THE-FLOOR ROUGH (AFR)

Pipe can be routed without breaking ground or relocating drain. Perfect for installation on concrete slab in renovation or new construction.
